## What's Up @ KPIT

Your weekly dose of KPIT updates to spark your curiosity!

**July 22nd, 2023**

### KPIT'S CHIEF TECHNOLOGY OFFICER, MR. ANUP SABLE'S INTERVIEW ON HANSER AUTOMOTIVE

The automotive industry is undergoing a transformation towards Software-Defined Vehicle (SDV)!

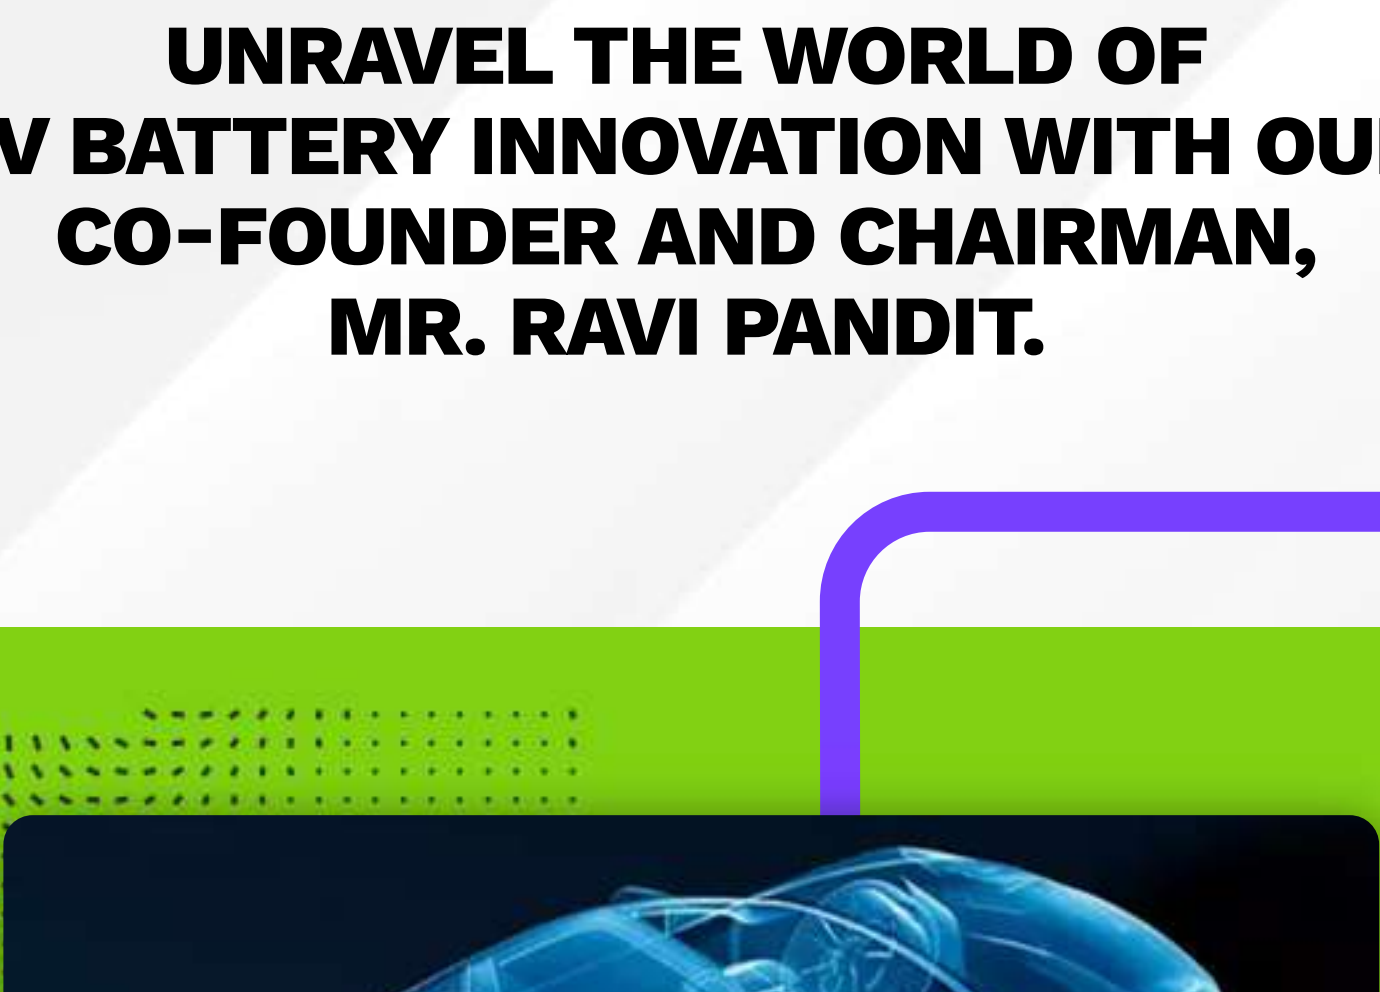

The monetization opportunities for OEMs are significant as software becomes integral. However, OEMs face challenges as software complexity rises. Our CTO, Mr. Anup Sable, recently spoke to HANSER automotive on how KPIT is partnering with leaders in the mobility ecosystem to address such challenges. He also discussed our latest acquisitions and strategic partnerships.
