Introducing Integrated Diagnostics & Aftersales Transformation [iDART]

We're delighted to announce a new and refreshed brand name for our Vehicle Diagnostics business unit: Integrated Diagnostics & Aftersales Transformation [iDART].

The iDART platform embodies our expanded abilities to provide comprehensive solutions coverage across various engineering and aftersales application use cases, ranging from vehicle design to end-of-life. And of course, with iDART, our endeavor is to keep the 'software on wheels' in constant motion.

Watch this video to learn more about iDART.
