What Does the Future Hold for AI in Cars?

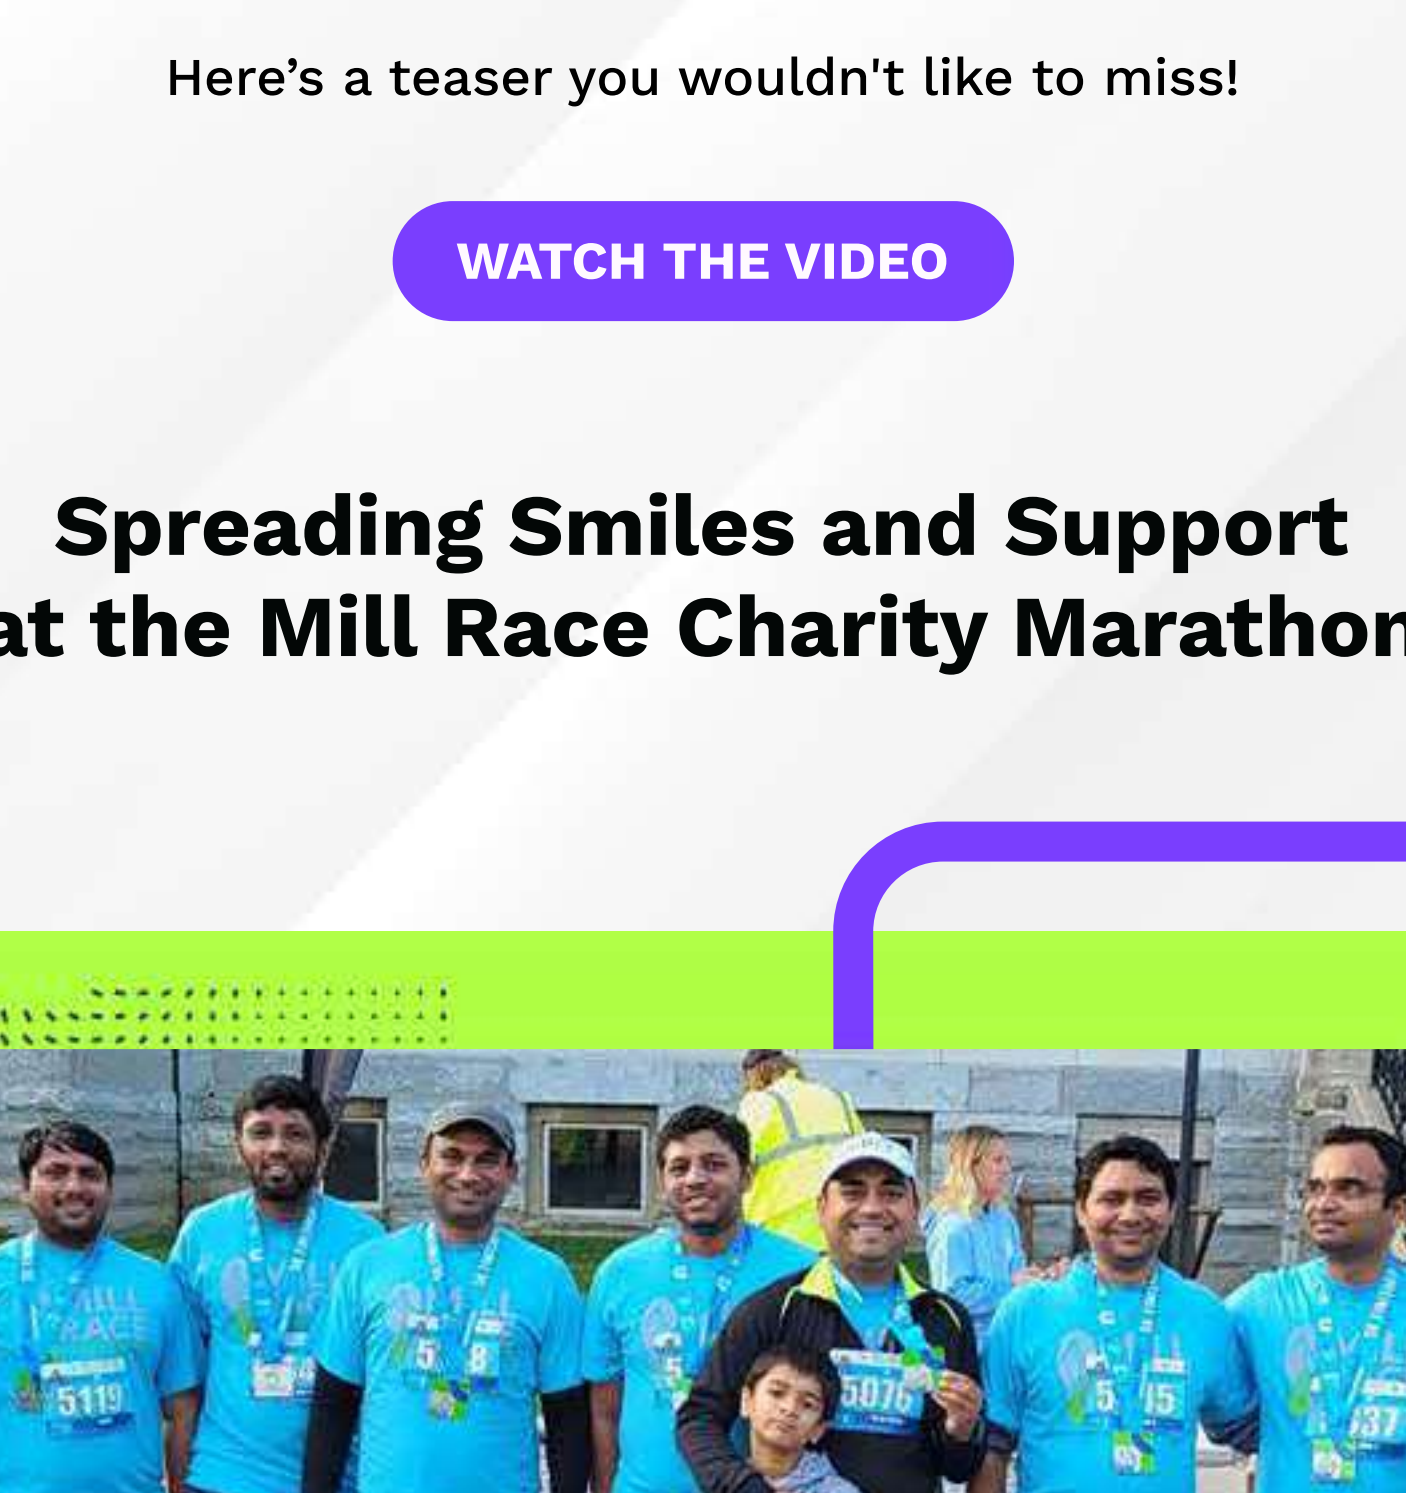

Ever wondered what your car would say if it could talk? Or how might it make your journeys extra special?

Get a sneak peek into the exciting world of AI in vehicles with the Autology podcast by S&P Global Mobility. Our colleague, Venkatraman V, Head of Strategy, Connected Vehicle Practice, shares insights on how AI-powered language models like ChatGPT are gearing up to revolutionize the automotive industry, offering personalized in-vehicle experiences and more!

These models are all set to enhance your travel experience by thinking beyond the vehicle itself, bringing you tailored recommendations and added convenience. Curious to learn more? Tune in to the podcast!

Spreading Smiles and Support at the Mill Race Charity Marathon

We are thrilled to share the incredible success of our continued participation in the Mill Race, a charity marathon in Columbus, USA.

KPITians showed their commitment to making a positive impact by participating in the marathon. Our volunteers, alongside our incredible runners, ensured the marathon ran smoothly. Additionally, this year, we added to the fun with a Kids Fun Run and a tattoo stall, bringing joy and energy to young participants.

Exploring Higher Education at KPIT

Have you ever wondered about pursuing higher education along with full-time work?

Did you know that KPITians get to experience unique higher education opportunities? In collaboration with Coventry University, we've opened doors to an array of courses that empower our team to further their education while excelling in their careers.

Learn more about these opportunities and hear from our colleagues about their experiences in our exclusive videos.

Exploring the Magic of Reading with Uncle Moosa

In our #PadmaSamvaad series, we had an engaging conversation with Shri Sathyanarayan Mundayoor, lovingly known as Uncle Moosa. As an educationalist and dedicated social activist, Uncle Moosa shared profound insights during this heartwarming conversation.

He emphasized the importance of cultivating a reading culture and the incredible impact it can have on individuals' lives. His remarkable journey and his call to embrace the habit of reading for a brighter future.
