**KPIT team was at ELIV 2023** 

KPIT

Our team had an eventful kickoff at ELIV - Electronics

in Vehicles 2023. The Event was all about connecting

with brilliant minds in the automotive industry. We

showcased how we're accelerating the transformation

towards software-defined vehicles and making

validation strategy of our clients SDV ready.

**Making a Green Impact: Planting 100 Trees in Thailand** 

KPIT

At KPIT, we take a moment every year to celebrate

the outstanding contributions of our teams We invite

you to revisit the highlights of last year's Awards of

Excellence – a day filled with fun, interactive games,

inspiring performances, and most importantly,

celebrating each other. Join us in reliving this

wonderful day of appreciation and camaraderie.

**WATCH THE VIDEO** 

We successfully completed our first environmental initiative in Thailand. In collaboration with the Prawet District Administration, Bangkok, we planted 100 trees, including a variety of species such as Tamarind, Chompoo Pantip, Yangna, Mahogany, and Ratchapruek. This effort is a significant stride toward a greener and more sustainable future for the communities in the Prawet area, showcasing the power of collective action and community

involvement. We extend our thanks to our dedicated

volunteers for their invaluable contributions.
